

# PETIT PLI

TO BUILD YOUR OWN **ROCKET SHIP** YOU WILL NEED

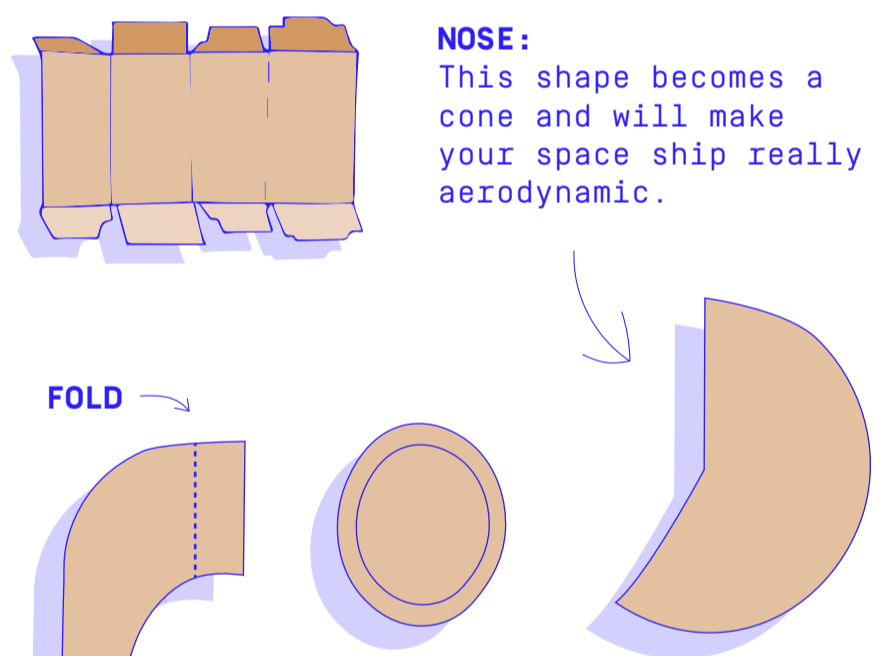

TO CREATE YOUR VERY OWN ROCKET SHIP, FOLLOW THE INSTRUCTIONS BELOW !

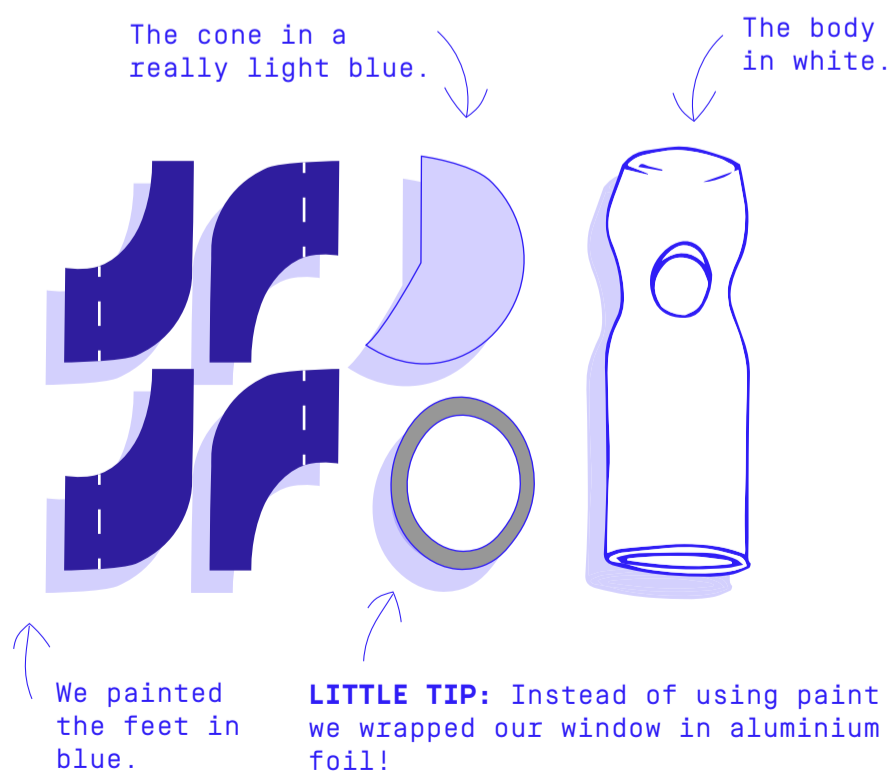

**1. CUT AND PAINT:** Cut the two ends of your bottle and paint the middle in your favourite colour!

**2. CUT CARDBOARD :** While the paint is drying, cut cardboard into these 3 shapes :

**3. PAINT SHAPES:** Pick a different colour to paint the feet nose and window.

**FEET:**  
Cut this shape 4 times.

**WINDOW:**  
Cut a circle shape to make a window.

**4. PIPES:** While the shapes are drying, you can create pipes. Cut your toilet roll in half and wrap both parts in aluminium foil.

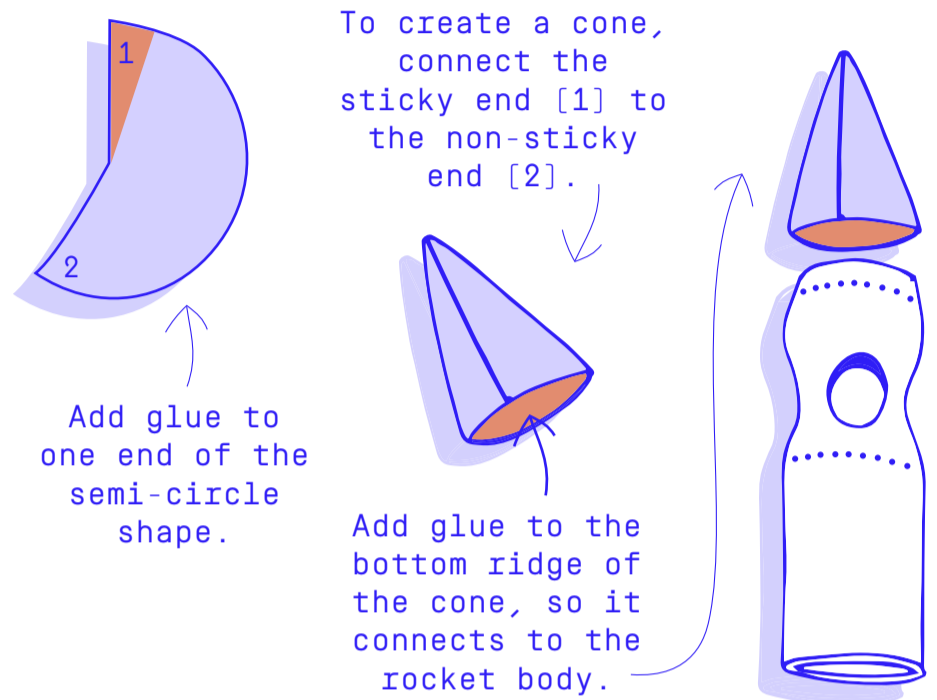

# PETIT PLI

**5. SCRAPs:** Cut your scrap paper to make 2 x big flames, 2 x small flames and 2 x large and long rectangles

**6. GLUE:** Now you are going to use glue to stick all your cut and painted shapes to the rocket body!

**7. GLUE:** The thin rectangle under the cone. Glue the wider rectangle to the bottom of the rocket body.

Add glue to this section of the rocket feet.

**3. FLAMES :** Glue your paper flames to your toilet roll pipes. Finally, to make your rocket zoom, glue your flames pipes to the bottom of the rocket body !
